

## Software

Right Data. Right Print. Every Time.

Minimize waste, drive efficiency and achieve compliance with CoLOS® the coding software solution from Markem-Imaje. CoLOS® is scalable modular solution that reduces waste from coding and marking errors, increases line efficiency and protects brand value by ensuring printing compliance.

Standard core software used in over 17,000 installations worldwide.

CoLOS® Base - Fully featured image design and data management

CoLOS® Line - Line level printing control and monitoring

CoLOS® Factory - Factory level printing control and monitoring

Talk to us today about the CoLOS® V6 now available.

The Markem-Imaje all-inclusive 'Confidence 360' Programme available from M Pack includes delivery of your coding solution, installation, regular service and scheduled consumables for a set minimal periodic fixed price.

- 3 and 5 year payment options
- Fixed quarterly payments
- Increased uptime
- Upgrade path

Financed through **GRENKE®** with no up-front investment, it is also fully upgradeable so you can always have the latest coding technology.

## Leading the way in coding.

Exclusive Irish Distributor for  markem·imaje

## About us

M Pack Ltd is the Exclusive Irish distributor of Markem-Imaje coding and traceability industry solutions, providing sales, service, spare parts and consumables of the world's largest supplier of online printing equipment to a broad customer base.

With our extensive industry knowledge and experience, M Pack continue to lead the way in coding by delivering first class support and best integrated solutions to our customers.

## Why Work with Us

-  **Technically brilliant**  
Best in class comprehensive technical service, covering installation, training, and onsite repairs
-  **Dedicated team**  
Experienced and highly trained service support team on the ground with global backing of Markem-Imaje
-  **Solution driven**  
Deep understanding of your applications and processes with all inclusive service exchange support programmes
-  **Industry experience**  
In depth knowledge and experience across all industry sectors including food, beverage, pharmaceutical and non-food sectors
-  **Superior product range**  
Exclusive Irish distributor of Global leaders Markem-Imaje
-  **All inclusive coding packages**  
Easy 3 and 5 year payment options with our Markem-Imaje 'Confidence 360' programme

**“Great Personal Service”**

**“Prompt & Efficient”**

**“M Pack took care of it all”**

**“90%\* of our customers rate us 10 out of 10 for service”**

*\*Based on customer service survey response*

## Our Product Range

### Continuous Inkjet - 9000 Series

The Markem-Imaje best in class continuous inkjet 9000 series are the most reliable full-featured small character inkjet printers designed for demanding manufacturing environments, general purpose as well as very specific applications like high contrast and high performance marking.

### Laser - C02 SmartLase

Markem-Imaje CO<sup>2</sup> laser coders are some of the fastest and most powerful coders available on the market today. The patented and proven dot matrix laser technology of the SmartLase enables outstanding print speed in its category for a wide variety of applications.

### Thermal Inkjet - 1000 Series

The Markem-Imaje Thermal Inkjet 1000 series offers high speed and easy printing on product and case packaging, ideal for dusty, humid and corrosive environments. With flexible printheads, quick set-up time and easy snap-in, snap-out ink cartridges (or pens), this really is a no-hassle, simple and reliable solution.

### Thermal Transfer - SmartDate

SmartDate is the leading thermal transfer printer on the market today. Designed for the most demanding, high volume applications, the SmartDate range delivers high resolution thermal transfer printing at ultrafast speeds on flexible packaging films, foils and labels.

### Print & Apply Case Labelling - 2200 series

The Markem-Imaje's award winning print and labelling system is one of the simplest and most operator friendly print and apply systems on the market. The new 2200 Series builds on a proven concept providing reliability, efficiency and ease of use with thousands of units installed in demanding 24/7 environments.

### High Resolution Touch Dry® Hot Melt Case Coders

High-resolution wax printing is unique to Markem-Imaje and M Pack. No-one else can offer both hot melt and liquid large character high resolution wax printers. Touch Dry® Hot Melt inks are solvent-free and environmentally friendly. Codes never bleed or fade, dry on contact and are 100% readable.

### Large Character Valvejet - 4000 Series

The 4000 series is one of the most intuitive and easily operated case coding solutions on the market today. Innovatively designed for simplicity and flexibility, its compactness and head positioning make it ideal for any production.

### Print & Apply Pallet Labelling - 2200 series

Adding labels to your shipping pallets has never been so easy, quick and reliable. The 2200 pallet labelling systems combine proven thermal transfer coding technology to apply crisp, clean printed labels to all sides of a pallet. One of the toughest and most durable coders to work in any environment.

### Consumables

For decades, Markem-Imaje has developed over 500 consumable solutions to answer customers evolving needs and expectations. With a proven track record of anticipating and responding to the most demanding regulatory and safety requirements while minimizing environmental impact. Genuine Markem-Imaje consumables protect uptime by minimizing maintenance and changeovers compared with third-party supplies.

## Green Business is Good Business

As a company committed to supporting sustainable solutions, M Pack with Markem-Imaje pride itself on providing cleaner and safer coding options with technologically advanced and environmentally-friendly solutions.
